

## How to register a Player

This guide is designed for an adult playing member. Pitchero expects that for each Adult player they will have an individual Pitchero login. For children who are under the age 18, please refer to the “Parent and Child Registration” guide which will provide you with the full details.

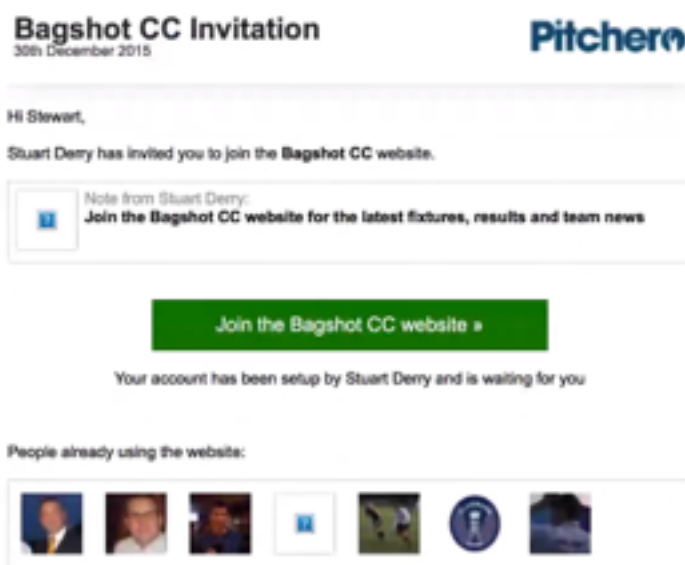

The registration process is really easy, and should take less than 5 minutes from start to finish!

To help you with the registration process, we’ve pre-populated the database with everyone’s details and you should of received an email inviting you join Pitchero.

Don’t worry if you didn’t receive an email, the guide also explains how to do it without the email.

### I’ve received the email, how do I start?

Once the new Pitchero website has been launched, you will shortly receive an email with the following content.

Once you have the email, all you need to do is click the “Join the Bagshot CC website” link.

This will then take you to Pitchero.

To activate your account, all you need to do is confirm a couple pieces of personal information and supply a unique password.
